Time: 1:00 pm - 4:30 pm, November 8, 2009 (Sunday)

Venue: Yu Cai Chinese School, Poway Branch
11501 Rancho Bernardo Road, Suite A.
San Diego, CA 92127

Co-organizer: UCSD Chinese American Medical Student Association
Yu Cai Chinese School
San Diego Chinese Women Association

In order to promote health education and answer different health-related questions for San Diego Chinese community, the San Diego Chinese American Association (SDCAA) will have the 5th Health and Medical Consultation on November 8th this year. We have invited over 20 local Chinese physicians who can speak either Mandarin or Cantonese to provide free health and medical consultations. These doctors are licensed to practice medicine in the US and they work in different specialties including: internal medicine, family medicine, pulmonology, hematology, oncology, OB/GYN, neurology, psychiatry, dentistry, optometry, pain rehab and Chinese medicine. Everyone is welcome to come to the event if you or your family members have any health related problems or questions. We will provide the following services:

- 1) Consulting medical and health related questions;
- 2) Giving a second opinion for disease diagnosis or treatment; and
- 3) Providing information for medical related disability and social welfare.

We would like to thank all the physicians who contribute their time voluntarily and make this event possible. We also appreciate Yu Cai Chinese School, Chinese Women Association and other sponsors for providing the facility and valuable support for this event. At last, we want to thank all the medical students from UCSD School of Medicine, who are willing to participate and help this event voluntarily.

If any physicians would like to provide consultation voluntarily, please contact Drs. Yeqing Chen at yeqing_chen99@yahoo.com or Hua Jin at hjin@ucsd.edu. More information can also be found on SDCAA website: www.SD4Chinese.org
